

Contents Index, Volume 6

Microcirculation, Endothelium, and Lymphatics

Volume 6, No. 1, February 1990, pages 1-88

ORIGINAL CONTRIBUTIONS

- Stereospecificity of the Anti-Inflammatory Actions of Terbutaline** 3
D.E. Dobbins, M.J. Buehn and J.M. Dabney
- The Relationship between Blood Flow, Development of Edema and Leukocyte Accumulation in Post-Ischemic Rat Skeletal Muscle** 21
A. Sirsjö, P. Söderkvist, U. Gustafsson, D.H. Lewis, and G. Nylander
- Total Red Cell Ca^{2+} Content and Rheological Determinants in a Group of Subjects with Vascular Atherosclerotic Disease** 35
G. Caimi, R. Lo Presti, A. Serra, G. Grifo, A. Romano, A. Catania and A. Sarno
- Evaluation of Membrane Fluidity in Cerebral Microvasculature** 45
A. Villacara, G. Zanchin and M. Spatz
- Atrial Natriuretic Peptide Increases Microvascular Blood Flow and Macromolecular Escape during Renin Infusion in the Hamster** 67
M.P. Borić and R. Albertini

Volume 6, Nos. 2 & 3, April/June 1990, pages 89-208

ORIGINAL CONTRIBUTIONS

- Endothelium Dependence of a Portion of the Response to cGMP in Brain Microcirculation of Mice** 91
W.I. Rosenblum, G.H. Nelson and P. Weinbrecht
- Comparative Effects of Ethanol, Acetaldehyde and Acetate on Arterioles and Venules in Skeletal Muscle: Direct In Situ Studies on the Microcirculation and Their Possible Relationship to Alcoholic Myopathy** 107
B.M. Altura, B.T. Altura and A. Gebrewold
- Oxygen Sensitivity of a Multichannel Antimony Microelectrode for Tissue Surface Oxygen Pressure Measurements** 127
F. Sjöberg, P. Thorborg, B. Wranne and N. Lund

Microcirc. Endoth. Lymphatics, 1990, vol. 6, December

- Erythrocyte Individual Phospholipids and Erythrocyte Membrane Fluidity in Subjects with Vascular Atherosclerotic Disease with and without Diabetes Mellitus of Type 2** 149
G. Caimi, A. Serra, A. Catania, S. D'Asaro, M. Montana, R. Lo Presti and A. Sarno
- Morphometric Changes in Pericyte-Capillary Endothelial Cell Associations Correlated with Vasoactive Stimulus** 159
R.A. Buchanan and R.C. Wagner
- Umbilical Vessels Endothelium and Vascular Reactivity** 183
E. Monuszko, S. Halevy, K.J. Freese, H.J. Shih, N.S. Parikh, Z. Jelveh, M. Liu-Barnett and J. Cybulska

Volume 6, Nos. 4&5, August/October 1990, pages 209-392

REVIEW

- Physiology and Pathophysiology of Pulmonary Circulation** 211
R. Mathew and B.M. Altura

ORIGINAL CONTRIBUTIONS

- Neurokinin A and B: Potent Vasodilators in the Canine Forelimb** 253
D.E. Dobbins, M.J. Buehn and J.M. Dabney
- Pulmonary Vasculature in Monocrotaline-Induced Hypertensive Rats on Magnesium Therapy** 267
R. Mathew, E.S. Gloster, B.T. Altura and B.M. Altura
- Coronary Alpha-Adrenergic Stimulation Does Not Alter the Heterogeneity of Myocardial Blood Flow and Oxygen Utilization** 285
R.S. Conway, B.-A. Acad and H.R. Weiss
- Sodium Nitroprusside (SNP)¹ Hypotension: Intracranial Pressure (IPC) and Hemodynamics in Pial Arteriole in the Rat** 315
G.P. Lu, D.K. Kaul, S.M. Feldman, L.R. Orkin and S. Baez

- The Acute Effects of Hematoporphyrin Derivative Photoradiation on Tumor and Liver Capillary Blood Flow** 343
R. Jacobs, N.B. Ackerman, N.D. Bloom and D.D. Kim
- Effect of Nifedipine on Endothelin Induced Contractions of Skeletal Muscle Arterioles of Spontaneously Hypertensive Rats** 355
L. Lougee, C. Hinojosa-Laborde, D.R. Harder and J.H. Lombard
- Propagated Constriction in Mouse Pial Arterioles: Possible Role of Endothelium in Transmitting the Propagated Response** 369
W.I. Rosenblum, P. Weinbrecht and G.H. Nelson

Volume 6, No. 6, December 1990, pages 393-488

ORIGINAL CONTRIBUTIONS

- Characterization of Basement Membranes of Rat Choroid Plexus Using the Critical Electrolyte Concentration Technique** 395
J.W. Schmidley
- Constriction of Perfused Lymphatics by Acetylcholine, Bradykinin and Histamine** 409
D.E. Dobbins, M.J. Buehn and J.M. Dabney
- Endothelial Cells are Required for Contractile Responses Induced By Reduction in Extracellular Magnesium and Sodium Ions in Rat Aortic Smooth Muscle** 427
A. Zhang, B.T. Altura and B.M. Altura
- The Inflammatory Actions of Platelet Activating Factor Are Blocked by Levorotatory Terbutaline** 437
D.E. Dobbins, M.J. Buehn and J.M. Dabney
- The Effects of O-(β -hydroxy-ethyl)-rutosides (HR) on Acute Lymphoedema in Rats' Thighs, With and Without Macrophages** 457
Judith R. Casley-Smith and J.R. Casley-Smith
- CGRP-Mediated Changes in Segmental Resistances in the Canine Forelimb** 465
D.E. Dobbins
- Subject Index, Volume 6** 482
- Contents Index, Volume 6** 485
